EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

(i) Insert claim 29 at the end of the claims as the following:

-- 29. (Withdrawn) The process of claim 23 wherein the process is performed on a commercial scale.--

(ii) Cancel claims 23-29.

This application is in condition for allowance except for the presence of claims 23-29 directed to an invention non-elected without traverse. Accordingly, claims 23-29 been cancelled.

REASONS FOR ALLOWANCE

2. The following is an examiner's statement of reasons for allowance:

The instant claims are directed to a blow molded article comprising polyethylene having a breadth parameter "a" of up to 0.40 and molecular weight distribution of 2-5. Mcleod et al. (US 6,914,113) teaches a blown film of ethylene polymers with molecular weight distributions and "a" in the range of the instant claims. However, Mcleod does not teach the ethylene polymer to be used for the preparation of a blow molded article. Therefore, Mcleod does not anticipate the instant amended claims. Because applicants have stated in the Remarks of August 22, 2006 that, at the time the claimed invention

Art Unit: 1713

was made, Mcleod and the claimed invention were both owned by the same assignee, Mcleod is not a prior art under 35 U.S.C. 103(a). Applicants have correctly pointed out that the instant application claims priority of provisional application SN 60/441,137 filed on January 17, 2003 which is prior to Giblin et al. (US 6,960,375) filed May 27, 2003. Therefore, Giblin is not an prior art. In view the foregoing, the rejections of the record are withdrawn and the instant claims are in the conditions for allowance.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
